EDUCATION

Michigan State University

Geographic Information Science (B.S.) | Expected Graduation: December 2026 | Overall GPA: 4.0
Global Public Health and Epidemiology Minor | Social Science Quantitative Data Analytics Minor

STRENGTHS

Analytical
Problem Solving
Willingness to Learn
Writing and Presentation Skills

SKILLS

Google Suite	Python
Microsoft Office	RStudio
Google Earth Engine	SQL
ArcGIS Pro	Pix4D

WORK EXPERIENCE

MSU Geography & Plant Sciences, East Lansing, MI *Undergraduate Research Assistant*

August 2025- Present

- Used hyper- and multi-spectral, RGB, and thermal imagery for early detection of *Rhizoctonia solani* in sugar beets using machine learning, principal component, and time series analysis
- Conducted an in-depth literature review of over 600 articles on current drone technology in agriculture

MSU Department of Political Science, East Lansing, MI *Undergraduate Learning Assistant*

August 2025-Present

- Graded assignments completed in RStudio and helped over 100 students succeed by offering assistance and tutoring in PLS 202 (Introduction to Data Analytics) at Michigan State University

C.S. Mott Department of Public Health, Flint, MI *GIS Intern*

June 2025- Present

- Utilized ArcGIS Pro, Microsoft Excel and RStudio to clean data and visualize violence prevention outreach in Flint, Michigan as well as received direct feedback from organization leaders at community meetings
- Sifted through historical maps, deeds, and literature for evidence of restrictive covenants and other discriminatory practices in Baltimore, Maryland

C.S. Mott Department of Public Health, Flint, MI *Research Assistant*

January 2025- Present

- Reviewed current literature relevant to food insecurity in urban environments
 - Identified datasets aligned with and best suited for research objectives
 - Constructed abstracts and presented findings at MSU MidSure Research Symposium
 - Coordinated surveys with 12-17 year olds, measuring blood pressure, height, and weight and ensuring overall smooth experiences
-

EXTRACURRICULAR

Geography Club

President, Treasurer

January 2024-Present

Gamma Theta Upsilon Beta Chi Chapter

Member, Rechlin Scholarship Recipient

April 2025-Present
